

COLLINSVILLE

Education Foundation Scholarship Fund

Helping CHS Graduates Since 1995

April 2017

Dear Friends of Collinsville ISD,

Our young adults need all available tools to meet today's challenges. Your financial support is vital to our organization's effort to help our high school graduates improve themselves through further training or education as they become responsible, tax-paying citizens.

Please consider helping our CHS graduates fulfill their educational goals by contributing a **tax-deductible 501(3) donation*** to the Collinsville Education Foundation (CEF). Your gift may be in your name, your business's name, or as a memorial to a friend or loved one which will be recognized at the awards banquet on Tuesday, May 23, 2017. If you wish to begin a memorial scholarship, you are encouraged to present that memorial award to the 2016 graduating recipient at that program.

The scholarship committee thoroughly reviews each Collinsville High School senior's goal-oriented application requiring 1) a letter of request 2) financial need 3) grades and 4) school and community involvement. Our scholarships have partially funded tuition to college, fire or police academies, and trade schools.

If you can help with this gift of learning, please mail your tax-deductible contribution to CEF, P.O. Box 595, Collinsville, TX 76233. Please specify if it is a general donation, a memorial, or for the Alumni Award. You will receive a letter thanking you and noting that your donation is tax-deductible.

The members of the Collinsville Education Foundation sincerely appreciate your financial support for our current CHS graduates as we all work toward the common goal of improving our society through better education and training.

Thank you for your attention.

Sincerely,

Ricky Patterson
CEF Board Chairman
